

CONSERVATION PAYS!

North Carolina

Conservation Reserve Enhancement Program

CREP is a voluntary program that provides financial incentive payments for farmers to establish easements and utilize best management practices on their land. Water quality improves, habitat is restored and North Carolina's working farms keep on working. Help us preserve this valuable heritage for future generations—call CREP today.

CREP Offers:

- Attractive bonus payments
- Annual payments of \$50 to \$150 per acre
- Permanent and 30-year easement options
- Up to 100% cost share on most practices
- Ongoing sign-up
- Maintenance payments
- Voluntary sign-up

To learn more about CREP, contact your local Soil & Water Conservation District or call 1-252-948-3902.
