GOV. EASLEY'S HAZARDOUS MATERIALS TASK FORCE TO MEET NOV. 14

RALEIGH – The Governor's Task Force on Hazardous Materials will hold its second meeting on Tuesday, Nov. 14, from 2 – 4 p.m. in the Ground Floor Hearing Room of the Archdale Building, 512 N. Salisbury Street in Raleigh.

Gov. Easley appointed the task force in October to examine the current regulations for hazardous waste storage facilities and recommend changes to tighten the rules governing these facilities, including legislation if necessary, to fully protect the state's citizens and the environment. The task force is also charged with making recommendations to guarantee the safety of the public and of first responders in the case of future events such as the October EQ warehouse fire in Apex.
